## HISTORY OF MAHE SHIPPING

The majority funding shareholder in Mahe Shipping was a consortium of commercial shipping lines from seven European countries: UK, France, Germany, Belgium, Netherlands, Norway and Sweden. Some of these shipping lines had in turn served the region for more than a century. All were keen to ensure the best possible service for their ships calling at the island. To this end the first shares in the company were issued in 1969. Mahe Shipping Company is presently owned by Corvina Investments Co Ltd.

After thirty years of being based at Shipping House in Revolution Avenue, Monday 18th October 2021, served as a historic moment for the company, as its Head Office relocated to the new port area, at the Wheelhouse, Veloutier Road.
